

## Conditions for VVR application

I hereby declare that I am aware of the following conditions regarding my application for and maintenance of a residence permit (VVR):

1. My residence in the Netherlands is exclusively permitted for the purpose of study at HKU University of the Arts Utrecht (HKU).
2. Each year I must re-enrol as a student during my studies at HKU. Each year I have to submit a declaration to HKU that states I still meet all conditions regarding the residence permit for study.
3. I need to have a sufficient income to cover the cost of living and the payment of tuition fee to HKU during my whole study period.
4. From the start of the academic year on 1 September I need to have a health insurance policy that covers my medical costs in the Netherlands. If the IND (Dutch Immigration and Naturalisation Services) does a random check, I must be able to send in a copy of my insurance certificate within two weeks. I am responsible for renewing my health insurance for the entire duration of my studies.
4. I need to have a legal Dutch address during the entire duration of my studies my residence permit. This address must be officially registered in the Personal Records Database (BRP) of the municipality where I live. If I move to a new address, it is my responsibility to inform the school and the BRP immediately.
5. If my nationality is not on the TB exemption list, I must undergo a Tuberculosis examination at the GGD (Dutch Health Services) within 3 months after my arrival in the Netherlands at the start of my studies. If necessary, I am willing to undergo treatment for tuberculosis.
6. I am only allowed to work if the employer has applied for a work permit. I can work 16 hours per week during the whole academic year or full-time in the summer months June, July and August. When I start working, I am obliged to apply for Dutch basic healthcare insurance. Besides the part-time job I can register as an entrepreneur after registration at the Chamber of Commerce.
7. I am aware that HKU will inform the IND about my study results at the end of each academic year. A good academic standing is necessary in order to maintain my residence permit for study. I will need to obtain at least 50% of the nominal study load for a full academic year (30 ECTS). Preparatory year students must successfully complete the preparatory year in one academic year.
8. In the event of a study delay I must contact HKU in time to renew my residence permit for study.
9. I am aware that HKU will inform the IND when my enrolment is terminated or I have graduated. I will have to leave the country within 28 days after the withdrawal letter of the IND. Alternatively I can apply for a new residence permit. If my residence permit is valid for 3 months or less upon graduation, I can stay in the Netherlands until the expiration date of the residence card.
10. I authorise HKU to legally act on my behalf for the application, extension, change or termination of my visa and residence permit for study and to exchange information with the IND about my residence status.

I have completed this form truthfully.
